

EFT methods from Bound States to Binary Systems

Thursday, 29 October 2020

Session - 8 (20:00 - 21:30)

| time | [id] title | presenter |
|-------|--|--------------------|
| 20:00 | [30] Eikonal exponentiation and universality in gravitational scattering | HEISSENBERG, Carlo |
| 20:45 | [31] Dynamics and transport in strongly-interacting quantum fluids | FLETCHER, Richard |
