

LIGHT 4 LIFE workshop - INTERNATIONAL DAY OF LIGHT 2024

Thursday, 16 May 2024

Session 1. Advanced light control (10:00 - 11:00)

time	[id] title	presenter
10:00	[8] Light wavefront engineering to modulate neuronal activity at cell resolution	Prof. DAL MASCHIO, Marco
10:20	[9] Dual-functional metalenses for the polarization-controlled generation of structured beams	Dr VOGLIARDI, Andrea
10:40	[10] Adaptive optics in biological imaging: enhancing resolution and fidelity	Dr BONORA, Stefano
