Funding and Policy Roundtable

Thursday 5 June 2025 15:00 (50 minutes)

This roundtable will examine the challenges and opportunities of investing in and regulating quantum energy research. It will bring together experts from diverse sectors, including private investors and public funding bodies. The discussion will highlight key insights, share lessons learned, and explore future directions for advancing the field. Prof John Goold (Trinity College Dublin) will moderate the discussion.

Theme

Primary authors: Dr FARIÑA BUSTO, Luis (European Research Council Executive Agency); BODIN, Raphaël (Quantonation); Prof. UNIVERSITÀ DI BOLOGNA, Stefano (University of Bologna)

Presenters: Prof. GOOLD, John (Trinity College Dublin); Dr FARIÑA BUSTO, Luis (European Research Council Executive Agency); BODIN, Raphaël (Quantonation); Prof. UNIVERSITÀ DI BOLOGNA, Stefano (University of Bologna)

Track Classification: Theme 1. Energy advantage and cost of quantum technology
