

PLANCK2025 - The 27th International Conference From the Planck Scale to the Electroweak Scale

Tuesday 27 May 2025

Inflation - Spazio 35 (17:00 - 19:00)

-Conveners: Paride Paradisi

time	[id] title	presenter
17:00	[41] The Schwinger effect during axion inflation	SOBOL, Oleksandr
17:20	[146] Gravitational waves production by inflationary transitions in U(1) aligned natural inflation	GRECO, Federico
17:40	[110] Modular invariant Inflation, reheating and leptogenesis	ZHAO, Wenbin
18:00	[56] Schwinger Current in de Sitter Space	MANSO, António
18:20	[176] No Dark Matter Axion During Minimal Higgs Inflation	Dr ZELL, Sebastian
18:40	[177] Quantum signatures and decoherence during inflation from deep subhorizon perturbations	Mr LOPEZ, Francescopaolo
