

Phyphox –science in your hands (1/2)

Friday 17 September 2021 15:15 (45 minutes)

Abstract #1:

Smartphones (and tablets) are equipped with a wide range of sensors and considerable computing power. The free app phyphox transforms these into quality mobile laboratories. We start with a broad overview of phyphox and the associated project.

Presenter: NORITZSCH, Jens (Phyphox, RWTH Aachen)
