

Phyphox –science in your hands (2/2)

Friday, 17 September 2021 16:15 (45 minutes)

Abstract #2:

We take a look at the available sensors in more depth and present some ideas how they could be utilized in practicals. There are a wealth of resources on the net to explore the versatility of smart device experiments and promising prospects in involving external microprocessors.

Presenter: NORITZSCH , Jens (Phyphox, RWTH Aachen)
